

Muhammad Owais

Frontend Web Developer
DIK, KPK, Pakistan

Summary

I'm a dedicated Frontend Web Developer who loves creating innovative web applications. I'm skilled in technologies like React.js, TypeScript, Node.js, Vue.js, and Next.js etc. Problem-solving is one of my main strengths, and I enjoy building creative web projects. I work well in team settings and am always eager to learn new things to keep our projects cutting-edge

Work Experience

Frontend Developer

XAANS (Feb 2023- Mar 2024)

Worked as a Frontend Developer at XAANS, leading the development of interactive and responsive web applications. Spearheaded multiple projects that enhanced user engagement and optimized performance.

Responsibilities

- Developed and maintained web applications using React.js and TypeScript.
- Collaborated with backend developers to integrate RESTful APIs.
- Implemented user interface designs provided by the design team.
- Optimized web applications for maximum speed and scalability.
- Employed modern CSS frameworks like Tailwind CSS for styling.
- Ensured web applications were responsive and compatible across various devices and browsers.
- Integrated with various APIs to fetch and display data dynamically.
- Worked closely with UX/UI designers to create visually appealing interfaces.

Frontend Developer

ARCO (Sep 2021 - Dec 2022)

Worked as a Frontend Developer at AGCO, primarily focusing on converting designs into functional interfaces and managing frontend logic. Led the implementation of key projects, ensuring high-quality user experiences and efficient performance. Actively participated in agile methodologies to enhance team collaboration and project success.
